Friday 3/16 Feast:

Mrs. Casey and the Kindergarten students will attend the 9:00 AM mass today.

Lenten Reconciliation will take place at 9:30 this morning.

The annual standardized testing program, Terra Nova Testing, begins today, Friday, March 16 for students in grades 2, 3, 4, 5, 6, and 7 and will conclude Friday, March 23rd. **Please** no doctor, dentist, or orthodontist appointments during the testing. If you absolutely have to make an appointment, the afternoon session is better than the morning. Please make every effort to have your child here each day so that he/she is able to take the test with the class. Squeezing in a test between recess and lunch time never yields the same results as when a student takes the test with his/her classmates. Thank you very much for your cooperation and understanding.

Terra Nova In-View Testing Students in grades 3, 4, 5, 6, and 7 will take only the In-View portion of the test today. The In-View portion is the section that yields the Cognitive Skill Index (CSI). The test consists of four sections: 1) Analogies 2) Sequences 3) Quantitative Reasoning and 4) Verbal Reasoning. Students need to be well rested during this testing time period. Second grade students do not take the In-View section. In-View begins with third grade students.
